

KNOW THE FACTS!

WHEN TO GET A PLUMBING PERMIT

Doing home improvements? Need a plumbing permit? These jobs require a plumbing permit...

You Need to Get a Plumbing Permit When You:

- add or remodel bathroom/kitchen
- add or replace sump pump/water heater
- replace toilet/sink/shower valve
- install permanent whirlpool/hot tub
- add or replace dishwasher or garbage disposal
- install permanent irrigation system
- install yard hydrant

Can a homeowner get a permit?

Yes, under some circumstances, if you:

- own and live in a single family residence where work will be completed
- continue to live in the single family residence for one year after work is completed
- complete the work yourself
- live in Hamilton County outside the city of Cincinnati.

If you meet these requirements, you will need to complete copies of the following:

- The Homeowner's Information and Agreement Form
- Application for Permit to Install Plumbing

These forms are available online at

www.HamiltonCountyHealth.org.

If you do not meet these requirements, you must hire a registered and bonded plumbing contractor to do the work. A searchable list of registered and bonded plumbing contractors is available on our Web site, www.HamiltonCountyHealth.org.

For more information, call the Plumbing Division at 513.946.7854 or visit www.HamiltonCountyHealth.org.
