

PAINTED SURFACES IN YOUR HOUSE LOOK LIKE THIS? *THEY COULD CONTAIN LEAD.*

Funding is available to reduce lead paint hazards in owned or rented homes.

No cost to you! An average of \$18,000 - COVERED.

- Homes/Apartments Built before 1978
- Mid to Low Income Families
- Units **MUST** include: a child under 6 that lives there or visits regularly OR a resident who is pregnant
- Open to Hamilton County residents (excluding the City of Cincinnati, Norwood, and Springdale)
- We'll test for lead and complete any necessary repairs

Scan the QR code with your phone camera OR visit our website hamiltoncountyhealth.org/lead to get started.

Lead paint and dust in older homes can cause lead poisoning in children. This could result in developmental delays, decreased IQ, and behavioral issues.
