**Data Notes:**  
Epicurves for cases are created using data reported to local health department. The most recent values in the Epicurves are preliminary and subject to change.

To align with the Ohio Department of Health definition for deaths, the calculation for the number of deaths has been refined to include those marked for death from illness. Many cases are currently pending this designation.

Data are updated every Thursday at 2pm. Last updated November 2, 2023.
