FACILITY OVERVIEW

The Harrison C&DD closed landfill operated as a C&DD landfill prior to 1997 when rules were established requiring licensing of such landfills. Hamilton County Public Health records for this landfill are limited. A complaint about the property was received by the Health Department in 1989. In 1989 and 1990 notices were sent to Walton Franks informing him of appropriate materials for disposal and documenting solid waste items which were required to be removed from the fill. It appears Mr. Franks purchased the property in 1989 and sold the property in 1991. The property has been sold many times since and today a home sits on the property in an area

adjacent to the old fill. Aerials showing the location and progression of filling from 1973 through 1996 are on the following page.
